

Fundraiser for the McGrath Foundation

Sunday 8 January 2012

The **McGrath Foundation** is a charity that raises money to place breast care nurses in communities around Australia.

"As the owner and founder of Spa Travel, I'm happy to be raising monies for such a charity, as many of us have been touched by breast cancer and a breast care nurse does make a difference. The synergy between a spa treatment and a breast care nurse, is they both offer support. So, please come and join us in the spirit of giving and relaxation." ~ Karen Goudge
